

CLR PRO[®] FULL-LINE CATALOG

THE POWER YOU EXPECT. THE SAFETY YOU NEED.

THE RIGHT COMPANY.

CLR® and Tarn-X® have been the top selling brands in their category for over 30 years.

For more than 50 years, Jelmar® has built a strong reputation for innovative and powerful cleaning products. But we're not resting on our laurels. We're taking that same passion for excellence that made CLR the #1 selling calcium, lime and rust remover in the world and bringing it to the professional cleaning industry. Your success is our success!

Made in USA

WOMEN OWNED

1940s

In 1949 Manny Gutterman founded Manny Gutterman & Associates, Inc. as a national sales representative organization

A friend in advertising asked Manny to sell a warehouse full of cleaning product in barter from a bankrupt client. Of course he accepted the challenge and Jelmar, LLC. was born.

1960s

The product was reformulated and repackaged and sold as Tarn-X® Tarnish Remover.

1980s

Tarn-X became the number one selling metal cleaner in the United States through its use of the phrase "AS SEEN ON TV."

Product innovation continued and a powerful lime and rust remover was developed: CLR® Calcium, Lime & Rust Remover.

2000s

In 2007, Alison Gutterman continues the family legacy and became the president of Jelmar.

Over the years, Jelmar continued to develop new products that stand out from the competition.

2020+

Jelmar launches safe & effective professional cleaning products formulated for the unique needs of the industrial and commercial marketplace.

Why CLR PRO[®]

We strive to execute strict standards for product and company performance that exceeds industry standards.

- Proven high-performance products
- Nationally recognized brand leadership
- 99% complete and on time fill rates
- Meets LEED Standards
- NSF registered—approved for use in food processing, food storage, and food service facilities
- Non-corrosive and non-abrasive on surfaces when used as directed

As EPA Partner of the Year since 2015, we're committed to providing safe products to help you meet your organization's sustainability goals.

CLR PRO[®] line offers many products that are EPA Safer Choice*, meaning that they have been evaluated through the EPA's rigorous scientific process for only the safest ingredients without sacrificing quality or product performance.

Look for the EPA Safer Choice logo on the label to see which products meet these standards.

FOLLOW CDC GUIDELINES FOR SAFE FACILITY REOPENING

Educate your customers on the CDC Guidelines for safe cleaning and disinfecting guidelines.

Removes tough soils and provides 3 days of cleaning power

- Probiotics in the cleaner activates in the presence of soil and helps break down dirt and grime for up to 3 days
- Bleach-free formula
- Reduces odor
- 86% bio-based ingredients
- Lemon-scented
- NSF registered—approved for use in food processing, food storage, and food service facilities

USE ON THESE SURFACES:

- GROUT
- CHROME
- ALUMINUM
- FIBERGLASS
- STAINLESS STEEL

Size	Stock #
32 oz.	FM-CPC32-6PRO

CONTINUED CLEANING ACTION

COMMON USES:

Restroom Counters, Tile Walls, Floors, Plumbing Fixtures

DILUTION:

Ready to Use

EPA does not currently review probiotic formulas as part of their Safer Choice program

FACILITIES MAINTENANCE

CLR PRO® MULTI-PURPOSE CLEANER

Removes everyday soil and grime from a wide-variety of surfaces

- For everyday use on common soils
- Effective, hard working and easy to use cleaner is superior to the leading brands
- Lemon-scented
- Part of the EPA's Safer Choice Program recognizing the product as a safer alternative to traditional chemicals
- Contains no phosphates, ammonia or bleach
- Made in the USA

**CLEANS AND SHINES
A VARIETY OF SURFACES**

COMMON USES:

Countertops, Appliances, Decorative Elements, Office Spaces, Restroom Surfaces

DILUTION:

Ready to Use

USE ON THESE HARD SURFACES:

- CERAMIC
- FORMICA®
- GRANITE

- TILE

Size	Stock #
32 oz.	FM-MPC32-6PRO

FACILITIES MAINTENANCE

CLR PRO® BIO-ENZYMATIC DRAIN MAINTAINER

Live microbial formula prevents the accumulation of fat, oil, and grease in grease traps, ponds & lagoons, septic tanks, and will keep drains flowing freely.

- Live bacteria digests and degrades fat, oil, and grease with no harmful byproducts
- Contains no emulsifiers—promotes a more efficient waste water treatment operation
- NSF registered—approved for use in food processing, food storage, and food service facilities
- Part of the EPA's Safer Choice Program recognizing the product as a safer alternative to traditional chemicals

COMMON USES:

Grease Traps, Drains, Toilets, Sinks, Tubs, Showers, Kitchens, Restaurant Drains, Spas, Locker Rooms, Factories, Sewage Treatment Plants, Lift Stations, Meat/Poultry Producers, Vehicle/ Truck Wash, Utilities, Oil Water Separators, Industrial Laundries, Wastewater Ponds & Lagoons

DOSAGE:

- For drain line maintenance in kitchens, bath and laundry rooms – 2 ounces per inch of drain diameter is the targeted measurement.
- For a 2" drain: Add 8 ounces per drain as a start up seeding dose. Then add 4 ounces per week thereafter for maintenance. Increase doses accordingly for larger diameter drains and feeder lines.

For wastewater treatment applications including lagoons, grease traps and food processing plants, please refer to Technical Data Sheets for more directions for use.

USE ON THESE TYPES OF PIPES:

- COPPER
- PVC
- STEEL
- PLASTIC
- CAST IRON

**FAST DISSOLVING PODS
SAFE FOR ALL GARBAGE DISPOSALS**

AUTOMOTIVE PRODUCTS

MAKE EASY WORK OF DAILY SERVICE REPAIRS AND CLEANING

SAFE AND EFFECTIVE MAINTENANCE PRODUCTS FOR THE AUTOMOTIVE INDUSTRY

The CLR PRO® Automotive line of products offer a safer, effective solution to make easy work of daily service repairs and cleaning than the harmful, hazardous chemicals commonly found in auto shops.

Ready-to-use | Outperforms competition* | No harsh ingredients**

*Proven in third-party tests. **See individual product SDS for VOC information

AUTOMOTIVE

CLR PRO® HEAVY DUTY RADIATOR FLUSH AND CLEANER

Formulated to remove heavy scale buildup and rust in later model radiators. It removes more scale in 10 minutes than competitive products do in 3 hours*.

- Heavy duty to extend the life of vehicles
- Removes scale build up 10x more effectively than the leading product*
- Safe for employees

**Proven in third-party tests. Based on 30 minute flush with average 3 gallon radiator.*

USE ON THESE SURFACES:

- ALUMINUM
- STAINLESS STEEL
- COPPER
- BRASS
- PVC/PLASTIC
- VINYL
- FIBERGLASS
- RUBBER PARTS

Size	Stock #
1 Gal.	A-HDRFC-4PRO

AUTOMOTIVE

CLR PRO[®] EXTERIOR RUST REMOVER

Effectively removes unsightly rust stains and surface corrosion from vehicle exteriors.

- Use for paint prepping and improving the appearance of any vehicle
- Safe on clear coat and paint
- Great for use outside—safe on vegetation
- Safe for employees

PROVEN EFFECTIVE ON THESE APPLICATIONS

- ANTIQUÉ CARS
- PATINA RESTORATION
- PAINT PREP
- CARS
- TRUCKS
- VANS
- HEAVY EQUIPMENT

Size	Stock #
1 Gal.	A-ERR-4PRO
5 Gal.	A-ERR-5PRO

INDUSTRIAL PRODUCTS

EFFECTIVE AND SAFE TO USE REGULARLY

KEEP EQUIPMENT WORKING EFFICIENTLY

Not regularly maintaining industrial equipment and vehicles can cause increased wear and operating hazards to operators. Harsh chemicals are often required when regular maintenance does not occur, which can damage equipment surfaces and can increase the risk of exposure for operators.

Ready-to-use | Proven effective | Reduce equipment downtime | No harsh ingredients

INDUSTRIAL

CLR PRO[®] INDUSTRIAL SYSTEMS FLUSH

Safely removes scale buildup from industrial systems that can compromise the ability to heat and cool correctly.

- Helps prevent equipment from overheating or failure, and energy inefficiencies with regular use
- Safely dissolves calcium, lime, rust and other deposits from water passages in water cooled or heated equipment
- Contains no harsh chemicals, like ammonia, phosphates, or solvents
- Manufactured in the USA

COMMON USES:

Heat Exchangers, Cooling Towers, Evaporative Condensers, Boilers, Steam Generators, Injection Molds, UV Sterilizing, and Pipes and more.

DOSAGE:

The recommended dilution is a 50% ratio of CLR PRO[®] ISF to water. Depending on the amount of scale present, a stronger solution can be used, OR the flush time increased and/or repeated.

The effectiveness of the solution can be checked periodically with a pH meter. Should the circulation solution rise above the pH level of 5.5 before the flush time expires, additional ISF needs to be added, and the cycle time may need extending.

See label for directions

USE ON THESE TYPES OF PIPES:

- COPPER
- PVC
- STEEL
- PLASTIC
- CAST IRON

Size	Stock #
1 Gal.	I-ISF-4PRO
5 Gal.	I-ISF-5PRO
55 Gal.	I-ISF-55PRO
275 Gal.	I-ISF-275PRO

INDUSTRIAL

CLR PRO® VEHICLE LIME REMOVER

A daily use cleaner to remove scale buildup from industrial and commercial vehicles and equipment.

- Cleans harmful scale buildup that can shorten service life of equipment and vehicle surfaces
- Keeps vehicle windows clear with regular use
- Can also be used to clean buildings, walls, floors, and hard surfaces that lime powder and scale accumulates
- Works great in pulp mills, lime mines, construction sites, concrete plants, farm equipment, and chemical plants
- No VOC's
- Manufactured in the USA

REMOVES HARMFUL SCALE BUILDUP FROM A VARIETY OF SURFACES
